NUMBER 302

TREATY WITH CUBA

The Bill Making It Effective Will Be Taken Up in the House Monday.

WILL TAKE A VOTE ON IT THURSDAY

Senator Morgan Is Prepared For a Prolonged Discussion of the Panama Situation in the Senate.

The General Supposition Is That He Will Defer His Speeches Until the New Canal Treaty Shall Be Sent to the Senate.

Washington, Nov. 16.—The bill making effective the Cuban reciprocity convention reported by the ways and means committee will be taken up in the house Monday and disposed of on Thursday. It probably will be sent to the senate Friday. Mr. Payne (N. Y.), chairman of the ways and means committee, in accordance with the notice he gave when he reported the bill on Friday, will ask the house as soon as it convenes Monday to begin its consideration. A rule will be reported by the committee on rules providing for a vote at 4 p. m. Thursday without intervening action. On the adoption of the rule the house will go into committee of the whole and discussion of the Cuban bill will be begun.

The program of the minority is well defined by the resolution adopted at the democratic caucus Saturday night. A rule cutting off amendments will be opposed in order that an amendment may be offered striking out the differential on refined sugar and eliminating the five year clause. The resolution made it the sense of the caucus that the democratic members should vote for the bill either "upon the adoption or rejection of the amendment."

It is the intention of the senate leaders to confine as closely as possible the legislation of the present session to the bill to carry into effect the Cuban treaty, and with that end in view the daily sessions of the senate during the present week will be brief and another adjournment will be taken on Thursday or Friday until the following Monday. The work of introducing bills and of presenting petitions will go forward, but with the exception of the Cuban bill neither bills nor petitions will be taken up in committee nor discussed in the senate during the week. It is quite well understood that Senator Morgan is prepared for a prolonged discussion of the situation on the Isthmus of Panama, but while he seems not to have taken any one into his confidence the general supposition is that he will defer his speeches until the new canal treaty shall be sent to the senate. There is an understanding on the part of senators that even though the negotiations of the new convention be forthwith completed, it will not be transmitted to the senate until the beginning of the regular session of congress in December. It is expected that the Cuban bill will be received from the house on Friday and it is probable that a session will be held on that day in order that the bill may be referred to the committee on foreign relations, which will begin its consideration at once.

SANTO DOMINGO ATTACKED.

The Forts Around the City Were Engaged With the Insurgents.

San Domingo, Thursday, Nov. 12.—There was heavy fighting here this morning. The forts around the city were engaged with the insurgents and there was considerable cannonading on both sides. The town was not damaged and the situation is unchanged. The United States cruiser Baltimore arrived this afternoon. Business is at a standstill.

Washington, Nov. 16.—Confirmatory information of the attack on Santo Domingo by the revolutionists reached the state department Sunday in a dispatch from Minister Powell. He reported that the revolutionists were attacking the city on three sides. There were no other details in Minister Powell's cablegram. The cruiser Baltimore, which was ordered to San Domingo waters, is now there so that American interests will be given full protection.

Received as a National Hero.

Sofia, Nov. 16.—Doris Saraff, leader of the Macedonian revolutionists, arrived here and was received at the railway station by thousands of persons who brought laurel wreaths and flowers and acclaimed Saraff as a national hero.

Washington, Nov. 16.—The 100th anniversary of the New York Avenue Presbyterian church, whose membership has included many of the most prominent persons in political and social life, was begun here Sunday.

FETES IN DENMARK.

President Roosevelt Sends His Best Wishes to King Christian.

Copenhagen, Nov. 16.—Fetes were held throughout Denmark Sunday in honor of the 40th anniversary of King Christian's accession to the throne, the population everywhere rendering homage to their aged and beloved sovereign. King Christian, who is in excellent health, desired to spend the day quietly with his family at Fredensburg castle, but notwithstanding this desire, an enormous crowd went to the castle and cheered him and he was compelled several times to return his thanks.

Thousands of telegrams and addresses of congratulation as well as gifts and flowers have been received. Many of the messages of congratulation came from the United States. Under cabled instructions from Washington, United States Minister Swenson telegraphed to the king President Roosevelt's hearty felicitations coupled with the best wishes for his majesty's health, and for a continuation for many years to come of his peaceful, happy and prosperous reign.

DIED IN A BATHROOM.

Chevalier Petich, Scientist, Inventor and Scholar, Passes Away.

New York, Nov. 16.—In the bathroom of his home at Ninth avenue was found Sunday the body of Chevalier Luigi Petich, former ambassador of Italy to Mexico. He had been dead three days and apoplexy is said to have been the cause of death. Petich, who was 65 years old, was a man of many attainments, a scientist, inventor and scholar, but withal a recluse.

Luigi Petich was the man who found and owned the famous "Smiling totem heads." These were among the first early American archaeological finds which went to prove the relationship of the earlier races of this continent with Asiatics. The heads were found in Mexico in sepulchral mounds in which skeletons and broken relics were also discovered. Relics of them have been made and sent all over the world.

The Petich collection, as it was known, consisted of 1,620 objects, all of Mexican relics, and in scientific value it was second only to that in the museum of the City of Mexico.

INJURED IN A RUNAWAY.

Drs. R. D. Murray and G. M. Guiteras Met With An Accident.

Laredo, Tex., Nov. 16.—While in pursuit of their duty Sunday Drs. R. D. Murray and G. M. Guiteras, of the marine hospital service, met with a serious accident in a runaway. They were driving to their hotel when the horses became frightened and ran away, the buggy colliding with a terrific force with a large stone pillar and throwing both the physicians out. Dr. Murray sustained injuries which may prove fatal owing to his advanced age and which at least will confine him to the hospital for a period of six months. Dr. Guiteras sustained severe bruises. His condition, however, will not prevent him from continuing the good work he has been doing among yellow fever patients.

Dr. Murray's home is at Key West and he enjoys an international reputation as a yellow fever expert.

BUSINESS MAN KILLED.

Joseph Francis Furlong Shot Irving McDonald at St. Joseph, Mo.

St. Joseph, Mo., Nov. 16.—Irving McDonald, a young business man and wealthy, was shot and killed by J. F. Furlong, a traveling man whose home is given by him 2332 Howard street, St. Louis. Furlong says his act was in self-defense.

South Bend, Ind., Nov. 16.—Joseph Francis Furlong, held at St. Joseph, Mo., on a charge of murdering Irving McDonald, son of a St. Louis millionaire, is a traveling representative of the O'Brien Varnish Co., of this city, and is well known here. He was popular socially. Nelson D. Reilly, auditor of the Studebaker Co., is a personal friend of McDonald, who was killed, and was apprised of the latter's death by wire Sunday.

ANARCHIST MEETING.

The Police Dispersed the Crowd at Barcelona, Spain.

Barcelona, Nov. 16.—The police dispersed the meeting of anarchists which had been arranged to celebrate the anniversary of the execution of the Chicago socialists in 1886. The action of the authorities was taken because violent speeches were made at the meeting advocating an active propaganda of anarchistic doctrines.

San Luis Potosi, Mex., Nov. 16.—The cotton crop of the Rio Verde district, which is in the vicinity of San Luis, has turned out almost a complete failure on account of ravages of the boll weevil.

BOGOTA IS PANICKY

A Revolt in Colombia Is Probable According to Minister Beaupre's Opinion.

AT LIBERTY TO LEAVE THE CAPITOL

Gens. Reyes, Holguin and Ospina Left Last Tuesday For Panama on a Diplomatic Mission.

Minister Bunau-Varilla Continues His Efforts to Secure Recognition of the New Government By the European Nations.

Bogota, Tuesday, Nov. 10.—Gens. Reyes, Holguin and Ospina left here today for Panama on a diplomatic mission with full powers to offer the isthmians a satisfactory treaty and such other concessions as may bring the isthmus back to the Colombian union.

It is expected that amicable arrangements will be made and such are heartily desired here. News from the state department at Washington is anxiously awaited.

Washington, Nov. 16.—A revolution in Colombia is not impossible, according to an opinion expressed in a dispatch received at the state department from United States Minister Beaupre, at Bogota. It was dated Thursday, November 12, and at that time Mr. Beaupre described the feeling in the capital city as panicky.

The minister has delivered to the Colombian government his instructions sent to him by the state department on the 6th instant, advising him that the United States has entered into relations with the government at Panama and commending to both governments of Colombia and Panama "the peaceful and equitable settlement of all questions at issue between them."

The Colombian government, according to Minister Beaupre, was disposed to ask for an explanation of the instructions, but the minister informed it that he regarded them as self-explanatory. Mr. Beaupre still appears confused about the instructions sent to him regarding his leave of absence, probably because of the delay in the receipt by him of cablegrams regarding the matter. He has been again informed that he is at liberty to leave Bogota whenever he desires and it is expected that he will take early advantage of the opportunity.

Mr. Bunau-Varilla, the minister from Panama, continued his efforts Sunday to secure recognition of the new government by the European nations. Twice he saw the French ambassador in this behalf and Sunday night M. Bunau-Varilla expressed the opinion that France soon would accord the recognition desired. The French government is anxious that the republic of Panama shall guarantee to the Panama Canal Co. and the French citizens interested therein all the rights, privileges, etc., now held by them. This guarantee is desired before any steps looking to the recognition by France is given, and Sunday night M. Varilla cabled his government for authority to make such representations. Sunday he received a long cablegram from Panama expressing thanks to the government of the United States for its courtesy in offering the privileges of a United States warship to Gen. Reyes on his arrival at the Isthmus of Panama should he desire to go aboard one.

THE PRESIDENT'S YACHT.

State Department Informed That the Mayflower Had Arrived at Colon.

The state department received information Sunday night that the president's yacht, the Mayflower, had arrived at Colon, with Adm. John G. Walker, the president of the Isthmian canal commission, who is to make an investigation of affairs on the Isthmus, and report to the president and Mr. Adm. Coghlan, who is to assume command of the American fleet on the Atlantic side of the Isthmus. The Mayflower made a rapid run to Colon, having steamed the 1,800 miles between Washington and that place since last Sunday.

The Wheat Crop in France.

Washington, Nov. 16.—The department of agriculture has been advised that the 1903 crop of wheat in France, according to an estimate of the French ministry of agriculture, is 365,600,514 bushels, harvested from 16,151,967 acres.

Emperor's Condition Improving.

Berlin, Nov. 16.—A bulletin issued Sunday from the new palace at Potsdam regarding the condition of Emperor William says the wound is nearly healed and that the emperor has been permitted to whisper freely since Saturday.

LAUGHTER MAY CAUSE DEATH.

Judge Haskins' Amusement at An Initiation May Result Fatally.

Owensboro, Ky., Nov. 16.—County Judge H. M. Haskins lies at the point of death at his home in this city. He is suffering from an internal hemorrhage, and physicians say that the chances are against recovery.

The facts concerning Judge Haskins' illness are very peculiar. He was an amused spectator at the initiation of two young men into the Elks' lodge Thursday night. The funny antics of the candidates caused the sides of the venerable judge to shake with laughter. He left before the meeting was over, saying he was ill. Friday he had the first hemorrhage. The physicians say he broke a blood vessel from laughing.

STANDARD TIME IS LEGAL.

Question of Insurance Payment Hinges on Court's Decision.

Louisville, Ky., Nov. 16.—Judge Gordon decided, in the case of two paint houses against an insurance company, that standard time is official by reason of usage. The insurance company claimed that solar time prevailed in Louisville when the contract for the policy was printed, and that this should determine whether "noon" solar time or "noon" standard time was meant. The plaintiffs' buildings caught fire on the day the insurance policy expired after "noon" solar time and before "noon" standard time. The policy read that it should be in force until "noon" without qualifying the expression further.

FOUND DEAD IN BED.

Former Representative Thos. A. Smith Passed Away Suddenly.

Mayking, Ky., Nov. 16.—Thomas A. Smith, aged 67, a prominent politician and ex-representative, having served a number of terms in the Virginia legislature, was found dead in bed at his home near McConnell Sunday morning. Death was caused by heart trouble. Mr. Smith was well known in Kentucky and Virginia.

Feudist Is Released.

Owingsville, Ky., Nov. 16.—Harvey Moore, after languishing in jail for two years, was admitted to \$5,000 bail. He was charged with murdering Finley Tolliver, 72 years old, one of the leaders in the feuds between the Tollivers, on one hand, and the Logans and Martins on the other. Only one male of the Tolliver faction now survives.

Prominent Educator Dies.

Covington, Ky., Nov. 16.—In the death of Prof. George A. Yates, who passed away Sunday morning, Covington loses one of its oldest and most honorable citizens, a man who has probably done more for the education and welfare of the present generation during the last 40 years than any other man in the city. Prof. Yates had been ailing for a year.

White Now Claims the Election.

Louisville, Ky., Nov. 16.—Another claimant for the certificate of election in the Eleventh congressional district is ex-Congressman John D. White, who claims that when the official returns are in it will be found that he has a plurality over both Dr. W. G. Hunter and D. C. Edwards, his republican opponents.

Candidates For Speaker.

Louisville, Ky., Nov. 16.—Five candidates for speaker of the Kentucky house of representatives, which assembles in about six weeks, are now actively in the field. The contest is one of the most interesting that has been seen in Kentucky for many years.

Strikes in the Kentucky Oil Fields.

Lexington, Ky., Nov. 16.—During the past week in the Kentucky oil fields wells were completed as follows: Wayne county, 4; Knox county, 3; Cumberland county, 2; Bath and Rowan counties, 3; Floyd county, 1. There were a few scattering strikes also.

Jockey Winkfield Signed.

Lexington, Ky., Nov. 16.—Jockey Winkfield signed a contract with J. O. Keene, representing Gen. Lazaroff, of the Moscow Racing association, whereby the colored jockey is to ride for his stable during the racing season of 1904 for a salary of 13,000 roubles.

Held Up By Two Colored Women.

Covington, Ky., Nov. 16.—Sunday night about midnight Alan Downard, a young man from Falmouth, Ky., reported at police headquarters that he had been held up at Sixth and Scott streets by two Negro women, who robbed him of \$100 in bills.

Another Football Victim.

Bloomington, Ill., Nov. 16.—Robert Sinclair, a student of the normal school, was probably fatally injured in a football game at Pontiac between the teams from Pontiac and the State Normal university. His spine was injured.

STONED THE CARS.

Violent Demonstrations Resulted From Attempts to Run Them With Non-Union Men.

MANY HAND TO HAND CONFLICTS.

Several Patrol Wagons Which Had Previously Been Called Were Soon Filled With Prisoners.

Huge Barricades Were Piled Upon the Tracks and the Police and New Employees Were Hooted at By Women and Children.

Chicago, Nov. 16.—A victory, temporary at least, was scored Sunday by the management of the Chicago City railway against its striking employees. From early in the morning until dark the company succeeded in maintaining a regular service on its Wentworth avenue line, which extends from 79th street to the downtown district, a distance of eight miles. The first car, manned by a newly-hired non-union crew, left the car barns guarded by a dozen policemen at 8 o'clock and was followed four minutes later by another train.

Twenty-five cars in all were put into the service but the schedule was frequently interfered with by delays caused by obstructions being placed on the tracks and the inexperience of men in charge of cars. The most serious trouble occurred during the morning when a number of arrests were made, but clashes between the police and the crowds that the streets were frequented with during the afternoon and when darkness set in it was not considered safe to send more cars from the barn. The last car returned to the barns at 4:30 o'clock and after it had been safely housed the day's work came to an end. More arrests were made during the day than at any time since the strike was declared. The most trouble was experienced between 22d and 39th streets.

In the blocks bounded by these thoroughfares crowds of men, women and children congregated and as the first cars passed hooted at the police and non-union employees. This was soon followed by more violent demonstrations. Huge barricades were piled upon the tracks, stones were thrown at the cars and a hand-to-hand conflict between the police and the crowd followed in several instances. Several patrol wagons which had previously been called were soon filled with prisoners.

One of the men arrested, who gave his name as McQuaid, is said to have placed a cartridge of large caliber upon the track near Harrison and Clark streets. Thousands of spectators were in the street at the time and believing it was dynamite became panic-stricken with fear as they dashed for places of safety. Assistant Chief of Police Herman Schuetter, who was near at the time, removed the cartridge and arrested McQuaid. It being Sunday the absence of traffic teams on the streets lessened the trouble for the police in the matter of blockades, but another source of serious annoyance was the great crowds of idle sightseers and sympathizers who were attracted by thousands to the streets through which the cars had to pass. During the latter part of the afternoon, however, the interference with the progress of the cars had greatly diminished and many of the cars were half filled with passengers as they sped along unmolested.

A FOOT OF SNOW.

Traffic Is Greatly Impeded By Drifts in Montana.

Lewiston, Mont., Nov. 16.—Over 12 inches of snow have fallen on the level in Fergus county, and under the heavy winds of the past three days has played havoc with mountain passes, filling canyons with snow. The Great Falls stage is stuck in the snow somewhere between Lewiston and Phillips Rock. Lewiston has had no trains in since Friday and two engines are now caught in the drift within a few miles of Lewiston. It is feared that heavy losses will result if a warm spell is not speedily forthcoming. The temperature Sunday night was five degrees below zero and still dropping.

The Mob Wrecked the Structure.

Bloomington, Ill., Nov. 16.—A mob of several hundred men, women and children at Colfax proceeded to a building just erected by F. D. Radeke, a brewer, of Kankakee, known as a "cold storage" plant and completely wrecked the structure.

Montreal, Nov. 16.—Fire Sunday destroyed Iamsel & Co.'s boot and shoe factory. Loss \$60,000, insurance \$22,000. A warehouse of the Montreal woolen mills was also burned; loss \$10,000, fully insured.

The communication in Friday's Ledger in regard to counting the vote at elections in this county might lead one to believe the Republican election officers are all blind, or are a lot of "innocents" who ought to have guardians. But such is not the case, as everybody well knows. The writer of the article in question must have taken a strong pull at the pipe before he started in with his pen.

ELECTION METHODS IN NEW YORK AND PHILADELPHIA.

"The security of the ballot in New York City is in striking contrast with the exposure of the suffrage to every species of fraud in Philadelphia," declares the Record, an independent journal of the latter city. "Of this contrast the simple explanation is that the people of New York are determined to protect and preserve the purity of the suffrage, whilst the party machine in Pennsylvania has resorted to every species of legislative chicane to make easy and safe the work of repeaters and ballot stuffers. New York has a registration law which enables the authorities to trace every voter before and after the election and when he offers his ballot. Pennsylvania has a shabby substitute for registration which facilitates the deposit of thousands of fraudulent votes at every election. New York has a Superintendent of Elections whose head is clothed with ample powers to protect the suffrage and secure the detection and punishment of its violators. Such a bureau, of course, would not serve the purpose of the Pennsylvania machine and its eminently respectable Republican supporters in Philadelphia. The only reason is that under the efficient operation of this bureau half the Republican majority in this city would be extinguished."

Bills to Increase Pay of Letter Carriers

Representative Sulzer, of New York, has introduced a bill in Congress to increase the salaries of letter carriers. The bill provides that on and after June 30, 1904, in cities of 75,000 population the pay of carriers for the first year of service shall be \$600, for the second year \$800, for the third year \$1,000, and thereafter \$1,200. In cities of less than 75,000 the rate of pay for the first year of service is \$600, second year \$800, third year and thereafter \$1,000. Senator Burrows introduced a bill increasing the salaries of rural free delivery carriers and making them \$900 per annum. This latter bill will affect the free delivery mail carriers in Mason.

Among other interesting features of the hemp display to be made from Kentucky at the Louisiana Purchase Exposition will be a sample of this fiber broken by machinery. Breaking hemp by machinery is a revolution in this great Kentucky industry. Up to this time the colored man has had a monopoly in hemp breaking, doing it by the old-fashioned method, after the hemp had been allowed to rot on the ground for several weeks. The machine which breaks hemp—and it costs several thousand dollars—takes the hemp soon after it is cut, without rotting, and gets even better results than the "darkey" with his old-time "break."

THE MARKETS.

Review of Trade in Live Stock and Tobacco the Past Week at Cincinnati.

Cattle—The low prices had a tendency to check receipts. Prices improved moderately for most descriptions. Best prices were obtained on Wednesday, since when prices weakened 10¢ to 15¢, although still some higher than a week ago; fair to good stillers 15¢, good to choice butchers 5¢ to 10¢ and fair to medium about 5¢ to 10¢ higher than a week ago. Heifers did not improve as well as cows and steers. Milch cows have been weaker. Choice feeding steers have been in good demand at \$5.30 to \$5.75.

Hogs—Receipts small during the week, but market was unfavorably affected by lower markets elsewhere and by labor troubles among packers. Many outside buyers were in market looking for bargains, and this did much to sustain prices. The bulk of sales are now at \$1.80 to \$1.90, 10¢ to 15¢ lower than a week ago, which is less than the decline in most other markets. Pigs were in good demand and prices fully sustained at \$1.45 to \$1.55.

Sheep—Receipts have been light during the past week, with prices tending upward. Sheep now range mostly between \$2.75 and \$3.35, which is 20¢ higher than a week ago. Lambs have advanced fully 50¢, selling now mostly between \$3.25 and \$3.75. At present there is a fair demand and steady feeling for both.

Tobacco—The week taken as a whole has not been a very satisfactory one to shippers as contrasted with the strong market and high figures of ten days ago, but when comparisons are made with the corresponding week of last year and the general conditions of business then and now are taken into account, sellers have very good reason to congratulate themselves that prices have been maintained at the prevailing figures. There was a sharp decrease in volume of offerings, and also a small decline in receipts. The average quality of tobaccos sold was also considerably lower than in two previous weeks. A few packages of new tobaccos were scattered through the breaks, and these sold remarkably well, the average on the total lot being \$11.86 per 100 pounds.

—Mr. H. R. Whitesides, of Louisville, the well known produce man, has bought 10,000 barrels of apples in Henderson county—where, by the way, fruit of this kind seems to have flourished more than anywhere else in Kentucky this year—and fifty-five barrels are being culled from the entire lot for Kentucky's horticultural display at the World's Fair next year. The varieties are Ben Davis, Wine Sap, Winter Pearmain, Black Twigs and Rome Beauty. The fifty-five barrels turned over by Mr. Whitesides to the Exhibit Association have been carefully wrapped in two different papers—each apple separately, according to instructions given out by Exposition officials—and have been shipped to Louisville, to be placed in cold storage until taken to St. Louis next April.

Popular Helen Grantly.

There are few actresses on the stage of this country who are closer to the hearts of the theater-going public than Helen Grantly, who will appear to-night at the opera house in "In the Palace of the King," Lorrimer Stoddard's dramatization of F. Marion Crawford's novel of the same name. Judging by the advance sale, she will be greeted by a large audience. "In the Palace of the King" is said to afford Miss Grantly a better opportunity for the display of her talents than any play in which she has previously appeared. Some critics have asserted that her impersonation of the beautiful Spanish maiden, Dona Dolores, is nothing short of a sensational triumph. Good seats can be procured at Ray's.

ASK YOUR NEIGHBOR.

Hundreds of Maysville Citizens Can Tell You All About It.

Home endorsement, the public expression of Maysville people, should be evidence beyond dispute for every Maysville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

Mr. C. L. Hubbard, dairyman, of 325 West Third street, says: "I have the greatest faith in Doan's Kidney Pills. The use of less than one box ended a disturbed condition on the kidneys and an inflammation of the bladder. After some time it returned but in a lesser degree and I procured another box of Doan's Kidney Pills at J. Jas. Wood & Son's drug store. Use of it substantiated the opinion I had already formed of this effective preparation."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Our Suit Collection!

Suits to fit all figures, including "in between" sizes in the 30's. Suits to please all pocketbooks—\$10 to \$35 gives a broad latitude in price. And this is buying time par excellence—better in point of variety than it will be later when some of these handsome and distinctive styles are gone, without the possibility of re-ordering. A SPECIAL SALE of Coats in broken sizes for \$3.98, formerly \$7.41 to \$12.41.

BLANKETS!

Best to have them in reserve against sudden cold weather. After thoughts are apt to be melted out of icy experience. Buying blankets is a riskless proceeding here. Prices are very reasonable. Accurate details follow.

Cotton blankets for 50c. in gray or white. A better quality for 75c. in gray, brown or white and a still better for \$1.

Other desirable sorts are—
 The Favorite for \$3.41 pair, weight 4 lbs., size 60x82 inches, four parts wool, one part cotton.

The Homestead for \$4 pair, weight 5 lbs., size 72x84 inches, fine wool filling, spool cotton warp.

The Satisfaction at \$5 pair, weight 5 lbs., size 72x84 inches, all wool in warp and filling. This blanket is a very popular seller, but we won't test your credulity by stating the number sold in a season, as it is inconceivable for retailers and a town this size.

The Old Kentucky for \$6 pair, weight 5 lbs., size 72x84 inches, fine all wool filling and warp.

The Superlative for \$7.41 pair, weight 6 1/2 lbs., size 72x84 inches, extra fine wool filling and warp.

W. R. Smith & Co. are displaying in various show windows of Maysville a few of the principal presents to be given away at the New Shoe Store Christmas morning.

It was thought advisable to exhibit these gifts in order to acquaint everybody with the fact that this is to be no "cheap" affair. Each article was purchased of a home merchant and they are first-class and up-to-date goods.

The elegant Morris Chair, for instance, comes from the "White Palace" furniture store. Peep in upon it and you will pronounce the chair "all right." If you are curious and want to know its cost, Mr. Winter is at liberty to inform you on that point.

Clooney & Perrine furnish the fine Opera Glasses, which are of a quality you need not feel ashamed should you become their happy possessor. They are ready for a "look" too.

At Schatzmann's china store may be seen the pretty Parlor Lamp and the exquisite Jardiniere and Stand, perhaps the most elaborate things in stock, each fit for a "Palace of the King."

All money looks alike, and we deem it unnecessary to show the color of the cash at this stage of the proceedings. However, "it goes," the hundred dollars do, to fortunate certificate holders.

Pretty souvenirs for those who are unlucky.

Before a Brown County Justice of the Peace the other day a man was tried on the charge of stealing hogs. After the evidence was in his attorney pleaded that his client had stolen pigs, not hogs, and asked that he be discharged. In support of this contention he cited a Supreme Court decision which released a man who was charged with stealing a stallion when it was shown that the horse was a gelding. The Judge took down Webster's dictionary and read that a pig is a hog. He said if the Supreme Court thought a pig wasn't a hog it could decide so on appeal. "For my part," he said, "I'm going to stand by old Noah."

INTERRED AT SHANNON.

Remains of Miss Mamie Tilton, of Carlisle, Laid to Rest Sunday.

[Carlisle Democrat, Nov. 11th.]

Great sorrow and sadness was thrown over our little city Friday morning by the announcement of the sudden death at 8:35 o'clock of Miss Mamie Tilton, youngest daughter of the late Judge Jno. W. Tilton. She had been an invalid for several months, suffering from a complication of diseases, and had sought relief from quite a number of physicians but to no avail. Last Monday night she returned from Lexington, where she had been under medical treatment, feeling slightly improved, and it was hoped permanently. Friday morning her mother left her just for a moment, and when she returned the gentle spirit had fled and its earthly temple lay still in the cold embrace of death.

Miss Mamie had many warm friends and near relatives who will deeply mourn her loss. She was born Oct. 11th, 1883, and during her few short years on earth made the world better and brighter to all who knew her.

IT IS SAFE TO SAY

That we clothe the majority of well-dressed men and boys in Mason County. Our Stein-Bloch, Adler Bros' Men's Suits and Overcoats and our Garson Meyer young men's Suits and Overcoats are the magnets that draw the intelligent buyer. Whilst these lines are the highest types of tailor-made clothes, our prices are no higher, indeed in many instances not as high, as you would pay for Clothing that does not compare with above lines. The same conditions rule in our Shoe and Hat department. THE BEST ONLY, and prices modest and conservative.

See our fall Manhattan Cheviot Shirts. They are simply "elegant." Our Underwear, Cap and Gloves stock is so large and comprehensive that we can please everybody.

TWO COUNTS' CLAIMS.

They Will Ask For \$20,000,000 From the Prussian Government.

London, Nov. 16.—The Daily Mail's St. Petersburg correspondent says that the two Counts Muenich, descendants of the famous Russian field marshal, are about to claim \$20,000,000 from the Prussian government, the value of the estate, with interest, which Frederick the Great presented to the field marshal in 1741 for the latter's assistance in arranging a favorable treaty with Russia. It is said the proofs of the claim are indisputable.
